

2017-2018 PASH Membership Form

PASH, the Parents of the Academy for Science and Health Professions, is an opportunity for parents of Academy students to become involved in the activities, academics and direction of the **ASHP**. Our goal always is to achieve 100% parent participation. Membership truly is the best way to stay informed and connected in relation to your child's education. The dues are minimal (\$15.00). These dues, along with money raised, are spent on students in the form of scholarships, social activities and sometimes equipment purchases. Money, however, is not the purpose of **PASH**. We simply want you involved and informed.
