

ACADEMY FOR SCIENCE AND HEALTH PROFESSIONS CLASS OF 2027 APPLICATION PACKET

Dear Parents of 8th Grade Students,

The Academy for Science & Health Professions at Conroe High School provides unique career exploration experiences coupled with technology-rich and academically challenging science, math, and health science courses of study. With a current enrollment of 400 students, the Academy begins the recruitment of its next freshman class, the Class of 2027. While the Academy program may not be right for every student, it does provide a variety of unique learning and investigative career experiences within a small, close-knit environment. Annually, students apply what they have learned in coursework to research avenues. Academy program requirements ensure a level of rigor that major colleges and scholarship programs encourage and enlist.

Extensive opportunities for specialization in math, science, and applied sciences, such as medicine, biochemistry, robotics, and computer science encourage each student to explore and apply their intellectual talents through individual research and internship thereby promoting an enriched learning environment for students and a high school profile second to none. This application packet contains important information for every 8th grade student and their parents to review, and possibly, complete. Should you decide this program is right for your student's future educational goals and aspirations, apply now. **Completed applications are due December 2, 2022 by 4 p.m. in the Academy office on the Conroe HS campus.** If you are seeking a learning environment that supports academic work towards a career in science, health science, math, engineering, or law, or simply seek a specialized small school environment in conjunction with a variety of extracurricular activities, the Academy may be the program for you. I hope you and your student will seriously consider applying to our program. I look forward to meeting you during upcoming evening Parent Information Nights. Please contact the Academy office with any additional questions you might have.

Mr. William Kelly,
Headmaster

2022-2023 | 8th Grade Application

Application Process | Class of 2027

Eligibility

All students who will be in the 9th grade at Conroe HS or Caney Creek HS in August 2023 are eligible to apply for the Academy Class of 2027. All students are provided equal opportunity to enter the Academy. There is no additional cost for the Academy.

Qualifications for Consideration

An overall 80 average in junior high with an 85 average in science and math courses will be required. **Any entering Academy student must have completed Algebra I with an average of 85 for the course prior to the new school year; summer acceleration for Algebra I is available at cost if selected to ASHP program.** All applicants must take an entry PSAT 8/9 assessment (given to all 8th graders in CISD).

- In a few instances, an applicant who may fall slightly below these qualifications may still apply and seek probationary/provisional entrance into the Academy for a preset timeframe. After which time, recommendations will be made by the Headmaster for full status or dismissal from the Academy.
- Private school/home school applicants may be asked to provide test data as part of the entry criteria.
